

Jessica Jiang – Bio

Jessica Jiang is a professional Mandarin teacher located in Boroondara. She has been running Mandarin programs for Australian-born children for more than 10 years. Her programs include Mandarin playgroups, Story Time, Mandarin sessions in early childhood centres and structured Mandarin classes.

Jessica was born and educated in China, so Mandarin is her first language. She completed her undergraduate study of Teaching Mandarin to Speakers of Other Languages in China in 2010. Jessica went on to complete her Masters degree of TESOL and Graduate Diploma of Early Childhood Education in Australia.

The dedicated study in linguistics gave Jessica a thorough understanding of Mandarin as a language. Her study and experience in early childhood centres helped her to create effective Mandarin programs for Australian children with a Mandarin-speaking background.

Jessica's Mandarin playgroup is fun, effective and engaging. It's play-based and coherent with Australian Early Years Learning Framework. At Mandarin playgroup, Jessica introduces stories, songs and craft activities in Mandarin to nurture children's interest and language skills in learning Mandarin.
